

Continuous Hamiltonian response: selected elements 1-5 of 20 derivatives: 7-point cubic Savitzky-Golay estimate

— DFT — SR-target (+ fixed LR) — Direct Full-H

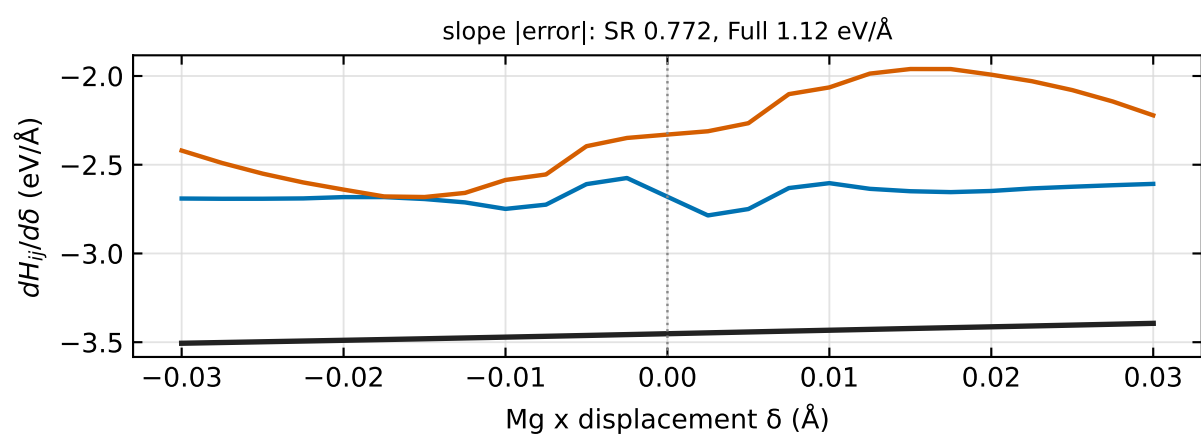

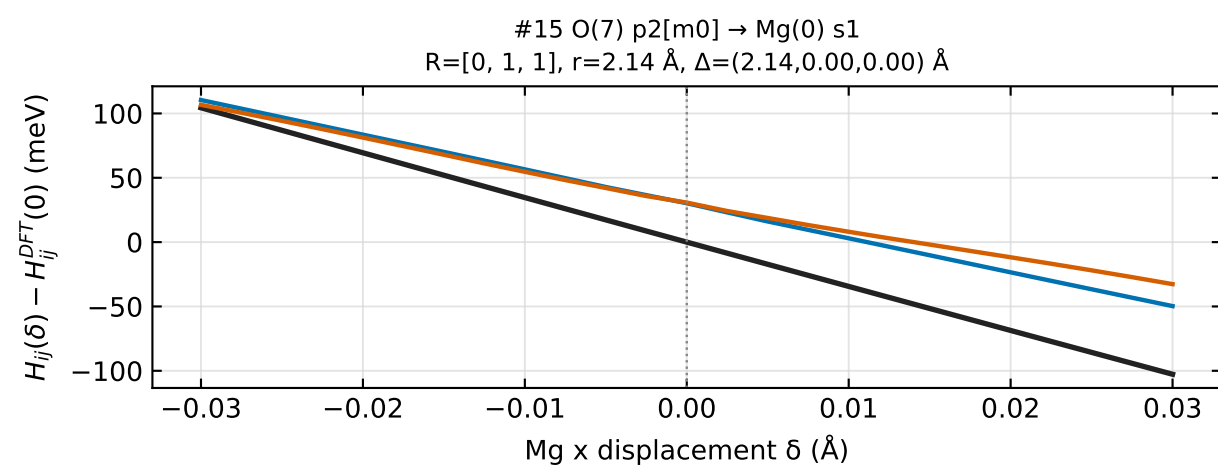

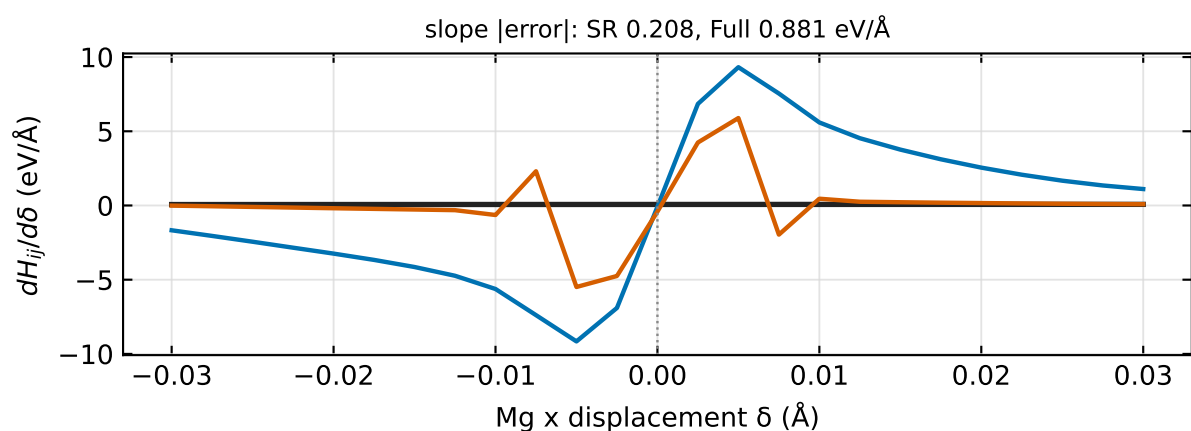

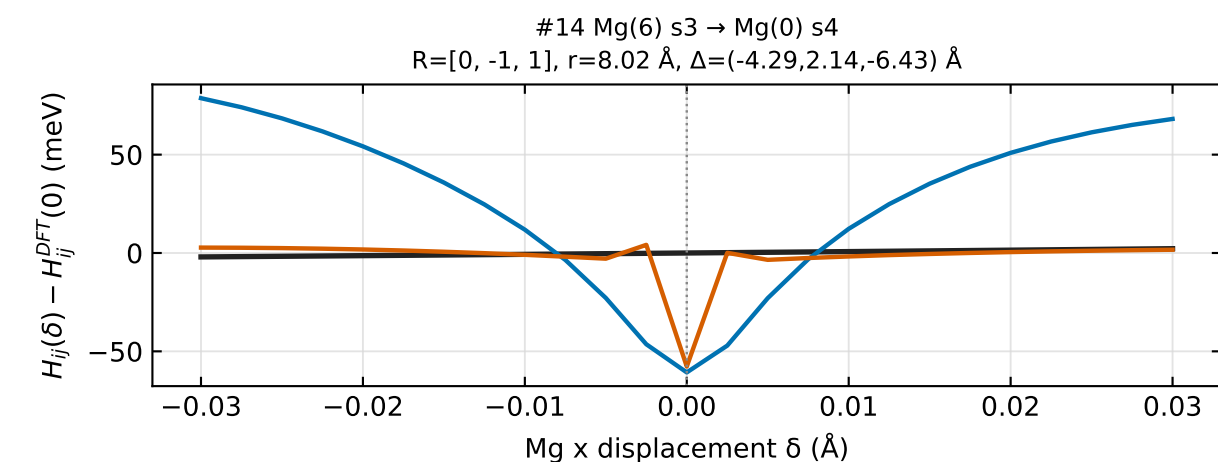

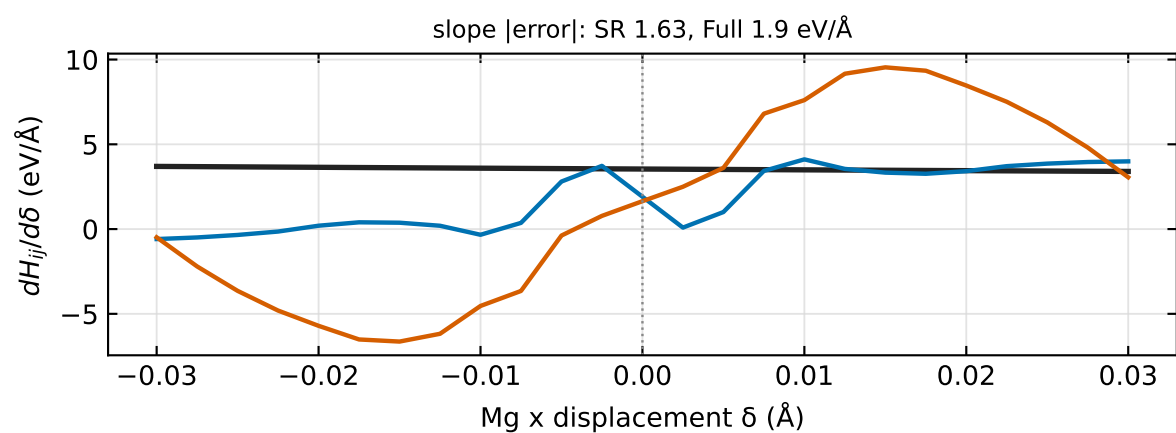

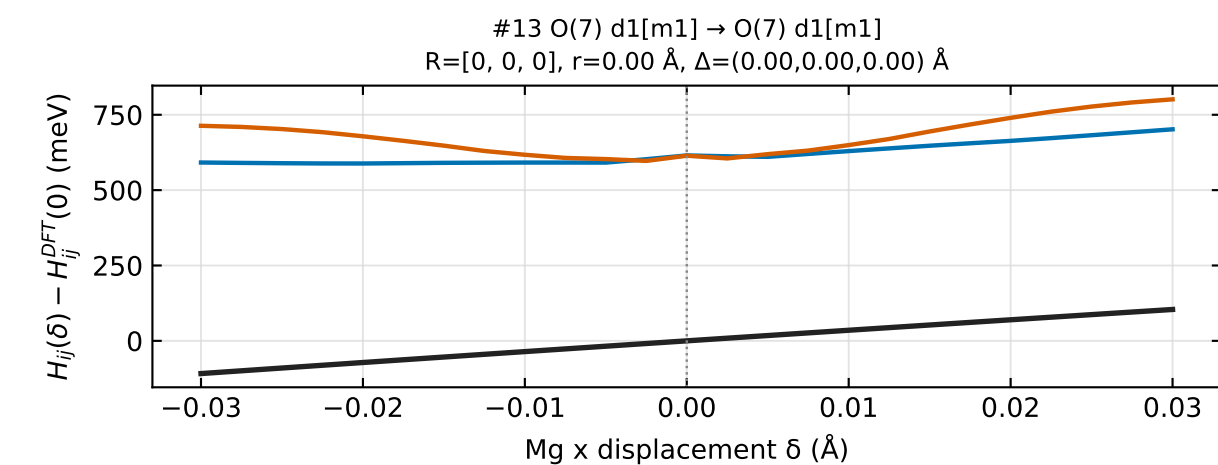

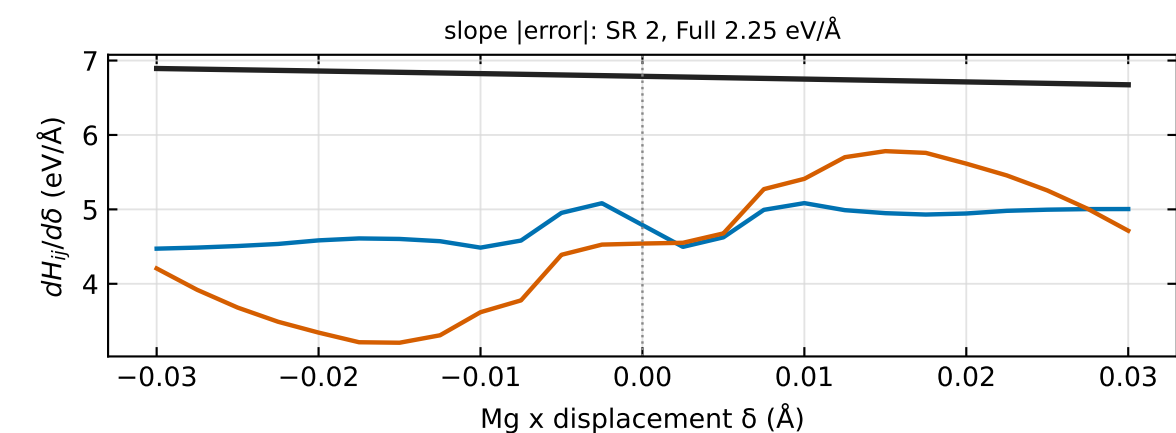

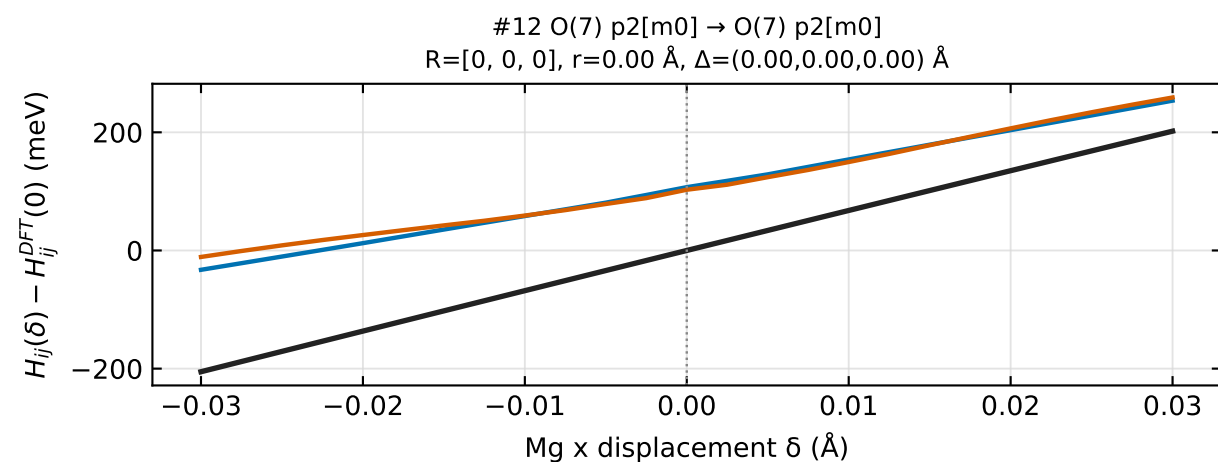

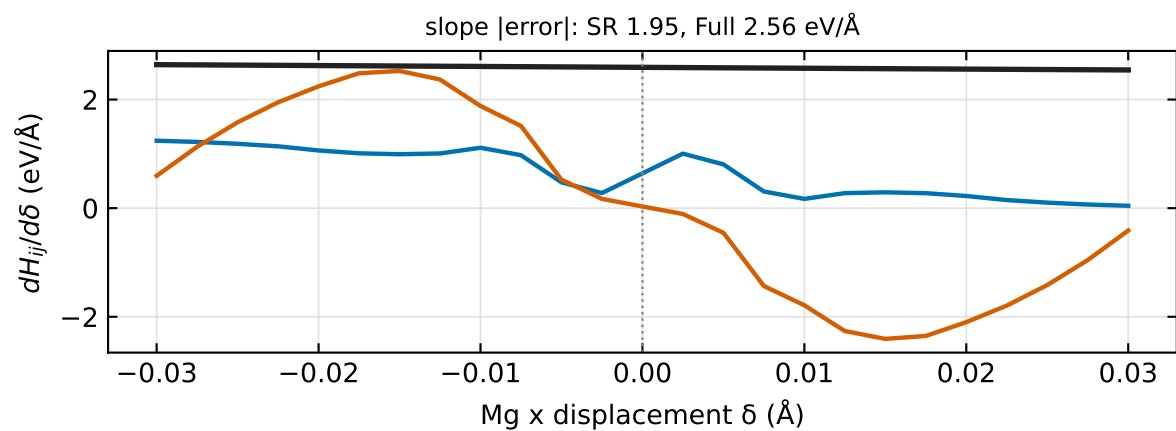

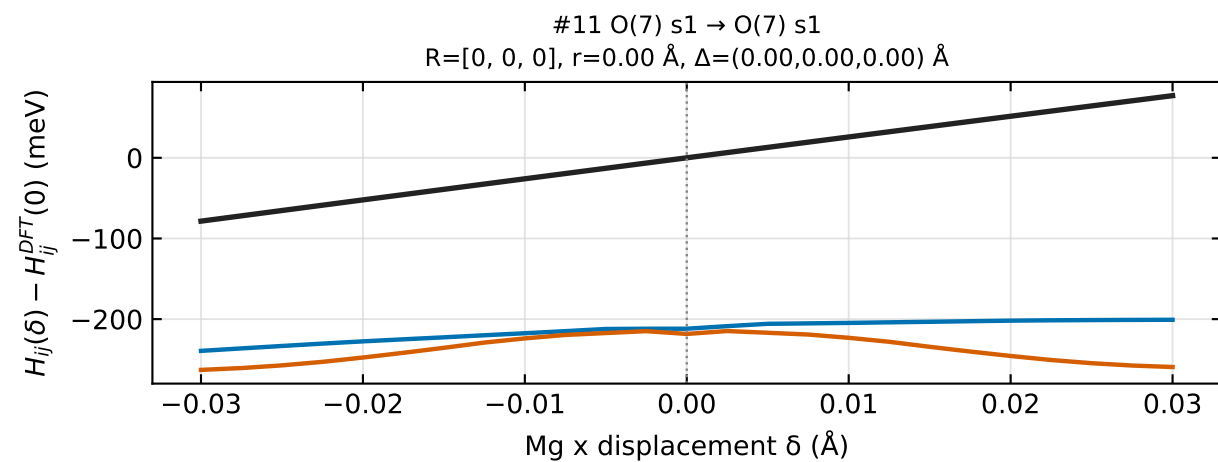

Continuous Hamiltonian response: selected elements 6-10 of 20
derivatives: 7-point cubic Savitzky-Golay estimate

— DFT — SR-target (+ fixed LR) — Direct Full-H

Continuous Hamiltonian response: selected elements 11-15 of 20
derivatives: 7-point cubic Savitzky-Golay estimate

— DFT — SR-target (+ fixed LR) — Direct Full-H

Continuous Hamiltonian response: selected elements 16–20 of 20
derivatives: 7-point cubic Savitzky-Golay estimate

— DFT — SR-target (+ fixed LR) — Direct Full-H
